Privacy Policy (RGPD)

Special Category Data & Legal Basis

Profiles published on the platform may include data relating to sexual life, sexual orientation, gender identity, or possible health data if the user voluntarily mentions them. These data are classified as special categories by the General Data Protection Regulation and require enhanced protection. Processing is based on explicit consent, with a mandatory Data Protection Impact Assessment and Record of Processing Activities. Velvet shall not transfer personal data to third parties for commercial or marketing purposes without express, informed, and prior consent.

Content & Moderation Policy (DSA)

Hybrid Moderation System

Velvet applies a hybrid moderation system, combining automated processes and human review. Automated moderation includes keyword filters for prohibited terms, automatic image detection via hash matching, and publication limits for new users. Human moderation covers review of reported profiles, periodic random audits, and manual review of new user advertisements during the first 2 to 4 weeks. Velvet shall keep a detailed record of all moderation decisions for a minimum period of 6 months, in accordance with the obligations of the Digital Services Act.

Scope & Methodology

This section outlines the structured approach taken to deliver a complete legal compliance package tailored to the client's specific business model and regulatory environment.

01

Discovery & Risk Analysis

Technical audit of the platform, business model review, and identification of legal risks under Spanish Criminal Code, RGPD, DSA, and LSSI.

02

Regulatory Mapping

Alignment of platform operations with applicable legal frameworks. Identification of gaps and critical compliance requirements.

03

Document Drafting

Bespoke drafting of six legal documents in Spanish and English. No templates — every clause tailored to the client's operational reality.

04

Review & Validation

Internal legal review for consistency, accuracy, and regulatory alignment. Cross-reference check against latest jurisprudence.

05

Delivery & Checklist

Final package delivery with a prioritized pre-launch checklist and actionable recommendations for immediate implementation.

Key Outcomes

- • Full regulatory compliance roadmap covering criminal, administrative, and data protection law

- • Defensible legal architecture minimizing platform liability under intermediary safe harbor provisions
- • Documented moderation framework satisfying DSA transparency and reporting obligations
- • RGPD-compliant data processing with explicit consent mechanisms for special category data
- • Actionable pre-launch checklist with critical, high, and medium priority items
